Old Business.

Discussion on the status of the administrator position. Mark Aanenson gave a summary of the hiring process for the administrator position. Discussion continued on the District's by-laws and the need for a performance audit.

Discussion continued on the representation of the board of managers. David Haugo discussed the under representation of Mahnomen County on the District Board. Jerry Dahl indicated that Mahnomen County represents approximately 25% of the Watershed District in land area, funds contributed, and population. He also indicated that Mahnomen County is currently pursuing a request to the BWSR Board for a review of the makeup of the Board of Managers. They are essentially asking for additional representation on the Watershed District Board.

Motion by David Haugo to ask the BWSR Board, the Wild Rice Watershed District Board of Manager, with input from the advisory committee to review the membership of the Districts Board of Managers to better represent the population and resource needs of the District. 2nd by Ken Holum, All in favor.

Discussion regarding the rotation of officers for the Board of Managers. Mark Harless indicated that he thought it was necessary to rotate the officers and have this in the Districts by-laws. Aanenson indicated that based on his experience working with boards that it is not a good idea to force the rotation of officers because they can choose officers as they see fit. Also some board members may have expertise or interest that allows them to be very effective in some areas and not in others. (Such as the chair or treasurer).
David Haugo indicated that he agreed that it was not a good idea because sometimes some board members are not comfortable acting as the chair and it is better not to force them to, as it can be problematic. Joe Spaeth indicated that when you choose a chair he takes into consideration if the person may have the time to attend all the functions necessary for the job. Some board members may not have the time due to work schedules.

Motion by Sam Larson to recommend that the board of Managers rotate officers. 2nd by Perry Ellingson. In Favor Harless, Ellingson, Larson, Jacobson, Dahl, Pazdernik, and Fabre. Opposed Haugo, Holum, Slette, and Fevig.
