

Wild Rice Watershed District
Data Information

To ease public data requests, several documents of public interest can be found electronically by accessing the District's M-Files program via our website: www.wildricewatershed.org and clicking on "WRWD Data Access Point" on the home screen. Examples of documents contained within the online data information portal:

- Annual Reports
- Monthly Meeting Minutes
- Permit Applications
- Ditch Maintenance Requests
- Violations and Complaints

The above listed items, along with several others can be explored through the M-File program. If you have a data request that cannot be filled by accessing the online data information portal, you can contact Kari or Tara the District office for assistance in filling your request to the best of our ability.
