

# Wild Rice - Marsh River Watershed

One Watershed, One Plan

Project Update | September 30, 2019

## Plan Progress

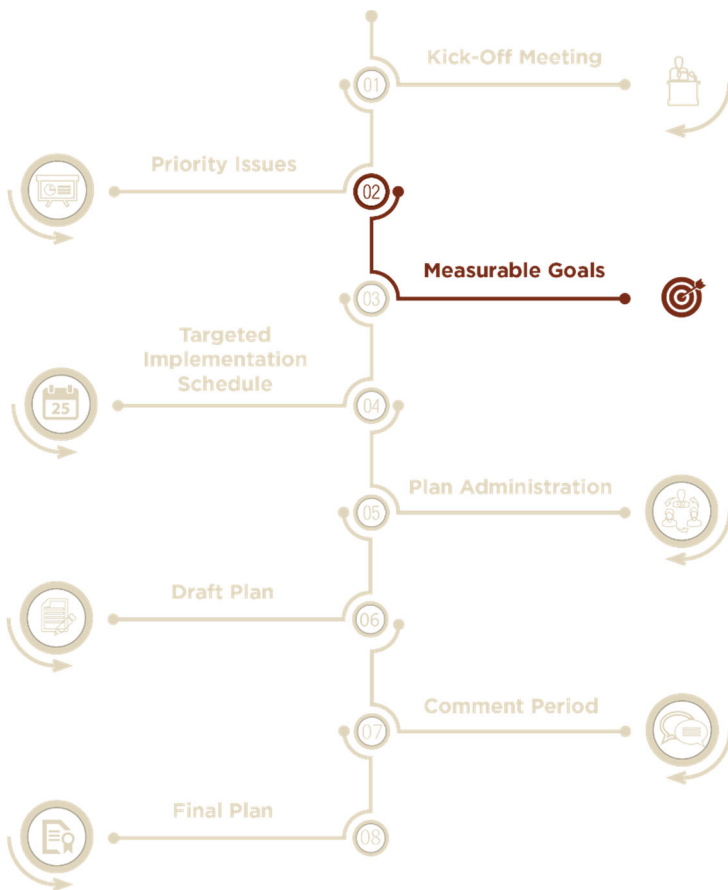

The Wild Rice - Marsh Watershed One Watershed One Plan started this summer with an Informational Forum for the planning committees and a Public Open House. At these meetings, participants learned about the watershed and the planning process, and had a chance to offer input by discussing potential issues and opportunities for the Plan to address.

The issues were further prioritized by the Advisory Committee, resulting in a final Priority Issues list. In September, this Priority Issues list was approved by the Policy Committee.

In October, the Steering Committee will be working on drafting Measurable Goals and further prioritizing resources for protection and restoration.

## Plan Timeline

## Project Partners

Wild Rice Watershed District  
Becker SWCD & County  
Clearwater SWCD & County  
Mahnomen SWCD & County  
Norman SWCD & County  
Clay SWCD & County  
East and West Polk SWCDs and County

## Accomplishments

1. Public Kickoff
2. Land and Water Resource Narrative
3. Priority Issues

## Next Steps

1. Measurable Goals
